Special Operations

Re: Approval for Sobriety

Date: September 7, 2016

Checkpoint: November 26,

I respectfully request authorization pursuant Pima County Sheriff's Department Sobriety Checkpoint guidelines to conduct a Sobriety Checkpoint as follows:

Location:

Mission/Nebraska (Thanksgiving)

Date:

November 26, 2016

Hours of Operation:

2100-2300

Projected Manpower:

PCSD: 16 deputies/3 sergeants

This checkpoint will focus on traffic traveling in the area of Mission/Nebraska in the San Xavier District. This location has been identified for DUI enforcement by its propensity and history of alcohol related arrests and collisions. This operation will be staffed by personnel from the Pima County Sheriff's Department's Special Operations Section and Patrol Division. The deployment will consist of a sobriety checkpoint.

Pima County Sheriff's Department supervisors will be on site as follows:

Checkpoint Commander: District and Force Commanders notified

Operations Supervisor:

Sergeant Barkman

Re: Checkpoint Operation:

161126001

Date: November 22, 2016

In furtherance of our ongoing efforts to reduce impaired driving on Pima County roadways, the Pima County Sheriff's Department will be conducting a sobriety checkpoint on November 26, 2016, on Mission Road n/o Irvington Place in the San Xavier District.

Personnel selected to work this operation were selected based on their expertise in the area of traffic investigations, their professionalism, and their commitment to the reduction of carnage caused by impaired motorists on Pima County roadways.

Briefing information is as follows:

Location:

1750 E. Benson Hwy. (SOC)

Date:

Saturday, November 26, 2016

Time:

2000 Hours

Personnel shall bring a patrol vehicle, reflective vest, flashlight, necessary paperwork, and equipment. Adequate parking will be located in the vicinity of the checkpoint. Uniform attire will be class "C" long or short sleeve shirt. Personnel must be prepared for inclement weather.

Personnel selected for this assignment shall be familiar with the Pima County Sheriff's Department Sobriety Checkpoint Guidelines. The success of these operations, both legally and operationally, is based on adherence to these guidelines. Many of these procedures will be reviewed again at the checkpoint briefing, but individual knowledge of these procedures is critical to the success of the operation.

Checkpoint Schedule:

2000 hours Briefing @ C103 (SOC)

2030 hours Travel to Site/Site Set-Up

MEDIA RELEASE

Chris Nanos, Sheriff

DUI Sobriety Checkpoint

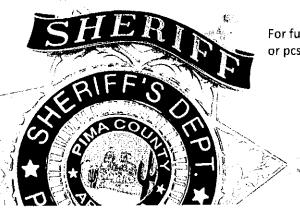

November 22, 2016

The Pima County Sheriff's Department will be conducting a DUI Sobriety Checkpoint on November 26, 2016. Their mission is to take impaired drivers off the roadway. The department is committed to working relentlessly in making our community safer.

If you plan on going out and consuming alcohol, here are a few safety tips:

- Prior to drinking, designate a non-drinking driver when with a group.
- Don't let your friends drive impaired. Take away their keys.
- If you have been drinking, get a ride home from a sober driver or call a taxi.
- If you are hosting a party, remind guests to plan ahead and designate a sober driver, or make plans to stay the night.

Operational funding and equipment were made available through grants awarded by the Governor's Office of Highway Safety.

For further information contact the Public Information Office at (520) 237-3740 or pcsdpio@sheriff.pima.gov.

DUI Sobriety Checkpoint November 26, 2016 Mission Road n/o Irvington Place 161126001

Letter received by PCSD Office of Special Investigations regarding sobriety checkpoint 130315001

From: (Redacted)
Sent: Saturday, March 16, 2013 8:27 AM
To: ia
Subject: Thanks for your service

I am writing to thank your department and the officers serving for their dibgence, attention and service to me and others in Pana County. Last evening, on my way back from friends in Oro Valley to our residence on N Criyerof, I went through a Sobriety checkpoint on Ina. There were a lot of officers mining the checkpoint, and I was treated cordially, and processed very promptly. While Jusped some may think it an intrusion. I believe the Sobriety check is a continion sense way to keep the roads saler, and thank you for it. It reminded me of how often I see your officers in Crayeroft, keeping the area safe from invasion and frankly, but drivers. We are here for 4 months a year, residing in Minnesota during the remainder of the year. Pima County is a great place for us to be, and the Pana County is not fisselficer is one of the real contributors to our confirm and satisfaction with this place. Thank you for always being courteous, difigent and protective of us, and all of the Pima residents.

Sobriety Checkpoints

- Why conduct sobriety checkpoints?
 - Because NHTSA statistics reveal that impaired drivers may be on the road 772 times before being caught
 - Sobriety checkpoints increase the likelihood of deterring OUI and/or catching violators.
- Nationally alcohol related traffic fatalities fell from 60+% in 1982 to 40% in 1997.
- The fatality rate has reached a plateau and remains 40 41%. based upon stated a gethered from 1997-2004)

PCSD Fatal Statistics

- 2012 36 fatal collisions
- Toxicology reports pending 19 were alcohol and/or drug related

- 30 fatal collisions 17 impared drivers (7 ETOH, 10 Drug) Down slightly from 2012
- 2014
- 7 impaired drivers (4 ETOH, 3 Drug) Down significantly from 2013.

2015 17 fatal collisions

- 6 impaired drivers (ETOH/Drug) 3 impaired victims from unimpaired drivers

Checkpoint Effectiveness

Saturation Patrols

- Sobriety Checkpoint Operations Highly publicized California Saturation Patrols reduced alcohol related crashes 17%.
- California Sobriety Checkpoints in four communities reduced alcohol related crashes by 28%.

DUI checkpoints work; deaths, citations down

No then taken in the latter on the party and a vesting and party a Saturation patrols not enough, officers say

Sobriety Checkpoints

- Surveys indicate 75% of Americans favor the use of sobriety checkpoints as a law enforcement tool.
- IACP, MADD, GOHS, NHTSA and many other agencies favor their use.
- These operations are generally funded by grants from the DUI Abatement Council (ACJC).

Suspect in 1978 murder arrested at sobriety checkpoint

BY COURTNEY FLYNN Chicago Tribune

CHICAGO - The arrest of a man at a routine sobriety checkpoint this week in California turned out to be anything but ordinary after police discovered he was wanted in a nearly 30-year-old murder in Chicago.

Francisco Sandoval, who had been living under the name Leonel Sanchez Valencia in El Monte, Calif., was arrested Monday on suspicion of driving under the influence and when police ran his fingerprints, they found an arrest warrant.

PCSD Checkpoint Results

- > 258 Sobriety Checkpoints conducted
- > 26 Phantom Checkpoints conducted
- > 187,204 Vehicles Stopped
- > 2390 Field Sobriety Tests

SOBRIETY CHECKPOINT BRIEFING

> The purpose of these checkpoints is to aid the Pima County Sheriff's Department in detecting and deterring impaired drivers while causing minimal inconvenience and detention to the motoring public. The real value of its ability to deter the impaired driver is a checkpoint where no impaired drivers are detected.

SOBRIETY CHECKPOINT BRIEFING

- The location chosen for the checkpoint was based in part from statistical data involving OUI incidents in the surrounding area.
- The above Pin Map shows a recent history of DUValcohol incidents (UCR Code 21.01 -- 22.04) in the area of the Checkpoint location

SOBRIETY CHECKPOINT BRIEFING

Supervisors assigned to the Sobriety Checkpoint operation will supervise the on-scene enforcement activities. Supervisors will remain at the location for the duration of the operation.

SOBRIETY CHECKPOINT BRIEFING

Traffic control devices and personnel will be placed in conformance with the site map approved by Pima County Department of Transportation or Pima County Sheriff Department Sobriety checkpoint guidelines.

SOBRIETY CHECKPOINT BRIEFING

Deputies shall explain the purpose of the checkpoint upon approaching a vehicle. Each motorist should be advised that he/she has been stopped at a sobriety checkpoint established to identify impaired drivers.

SOBRIETY CHECKPOINT BRIEFING

- > The following question/statement shall be made upon approaching a vehicle:
- "Good evening, this is a Sobriety Checkpoint aimed at deterring impaired driving. Have you consumed any alcohol and/or drugs today?"

SOBRIETY CHECKPOINT BRIEFING

If the answer is no and there is no compelling reason to detain the vehicle, hand the driver a pamphlet and state, "This brochure explains the Sobriety Checkpoint program. Please look it over at your leisure."

SOBRIETY CHECKPOINT BRIEFING

If the answer is yes, ask how much and when. At this point, depending on the answers and other circumstances, the attending Deputy should consider if further investigation is warranted. If so, direct the driver to the nearby staging area to continue the investigation if not, give the driver a brochure and advise them they are free to

SOBRIETY CHECKPOINT BRIEFING

If the driver is evaluated and is not impaired, provide a pamphlet and escort the driver to their vehicle and help them pull into traffic, if necessary.

SOBRIETY CHECKPOINT BRIEFING

- Contact Deputies shall visually inspect the driver for red, watery bloodshot eyes; abnormal complexion, vomit, urine or excrement on clothing; or other telltale signs of possible intoxication/impairment.
- Inspection of the passengers, interior and exterior of the vehicle will also be made. Deputies should observe the driver's breath and look for plain view narcotics, narcotic paraphernalia, and alcoholic beverage containers

SOBRIETY CHECKPOINT BRIEFING

> The use of artificial light for the inspection of the vehicle's interior and its occupants is legally permissible.

SOBRIETY CHECKPOINT BRIEFING

Unless the Deputy observes evidence of impairment, or there is evidence of a more serious violation, the motorist should be allowed to proceed on their way.

SOBRIETY CHECKPOINT BRIEFING

A search of the vehicle should be conducted to inventory prior to being towed.

SOBRIETY CHECKPOINT BRIEFING

A motorist who chooses to avoid the checkpoint should be allowed to proceed unless traffic violations are observed or probable cause exists to take other action. The mere act of avoiding a checkpoint will not constitute arounds for a store. grounds for a stop.

SOBRIETY CHECKPOINT **BRIEFING**

> Drivers who refuse to roll down their windows in order to avoid contact with a law enforcement officer will be waived through and may be followed by an observation car unless reasonable suspicion/ probable cause exists to further the investigation.

SOBRIETY CHECKPOINT **BRIEFING**

- > A systematic approach to stopping vehicles will be established. Either all vehicles will be stopped or a method will be utilized that does not involve random stops at the Deputy's discretion.
- > It will be the on-scene supervisor's responsibility to make a change in the systematic sequence of vehicles stopped if the traffic pattern necessitates a change.

SOBRIETY CHECKPOINT BRIEFING

- An Incident Report will be completed for each Sobriety Checkpoint deployment, including:

 - number of vehicles stopped
 number of DUI arrests
 other violations, which are observed and charged.
- Force Commander Summary will be completed
- > Media has been notified
- Public notification via twitter, Facebook and PCSD Website

Contact Officer Duties

- > Make contact with vehicle operators
- > Initiate investigations
- > Follow through and complete investigation

Equipment and Logistics:

- > Removal of vehicles (AZ Rangers)
- > FST's (Median area)
- > PBT's (Checkpoint table)
- > DRE
- > Spanish Speaker
- > Camera (Individual Deputies)

Chase

- > Observe vehicles entering traffic pattern
- Watch for turnarounds and stop should you find reasonable suspicion.
- > Watch for drivers and passengers to swap
- > Watch for littering
- > Stop vehicles when advised by checkpoint personnel

Statistics

- Contact personnel: At the end of the checkpoint operational period, report number of FST's administered, DUI arrests and other arrests.
- Chase vehicle personnel: Report all activity on stat summary for remainder of shift.

Department of Transportation

MEMORANDUM

Department of Transportation

DATE:

9/2/05

TO:

Karl Woolridge, Sergeant, Pima County Sheriff's Dept.

FROM:

Albert Letzkus, Traffic Engineering Division Manager, PCDOT

SUBJECT:

Proposed Signing Plans for DWI Checkpoints

Enclosed with this memo are proposed signing plans for DWI checkpoints on County roads. They include plans for two-lane roads and for divided multi-lane roads. As I understand it, the signs for these checkpoints have been made by TED and delivered to you. Let me know when and where you will need the traffic cones, and I will coordinate their delivery to you with the Ops division.

If you have any questions about the proposed plans, feel free to call me at work at 740-5929, or on my cell phone at 850-3982.

Thank you

Enclosures

Pima County Sheriff's Department Sobriety Checkpoint Guidelines

I. Purpose

The purpose of this policy is to provide guidelines for the physical construction and operation of a sobriety checkpoint. The goal of the checkpoint will be maximizing its deterrent effect by increasing the perceived risk of apprehension of motorists who would operate a motor vehicle while impaired by alcohol or drugs.

II Policy

- A. It shall be the policy of the Pima County Sheriff's Department to implement a sobriety checkpoint program. The sobriety checkpoint program will be used as a part of the Pima County Sheriff's Department's ongoing comprehensive traffic enforcement efforts. To standardize this program, the following set of written guidelines has been developed governing the operation of sobriety checkpoints within the Pima County Sheriff's Department's jurisdiction.
- B. To implement this policy, the Special Operations Commander will ensure that the Traffic Unit or DUI Unit Supervisor complies with the following restrictions:
 - Satisfy the legal requirements for sobriety checkpoints.
 - Conduct sobriety checkpoints with a minimum amount of intrusion or inconvenience to the motoring public.
 - 3. Assure the safety of the general public and of the participating law enforcement officers.
 - 4. Objectively select a sobriety checkpoint site based on relevant data.
 - 5. Provide for public information and education to maximize the deterrent effect and heighten awareness of the impaired driver problem.
 - 6. Provide for a systematic procedure for both data collection and post checkpoint reporting to insure consistency with checkpoint guidelines.
 - 7. Select participating law enforcement officers based on relevant training, skills, and experience.
 - 8. Brief participating deputies on operational guidelines prior to the

beginning of these checkpoints.

II Guidelines

A. General

- 1. Sobriety checkpoints will not be conducted without the approval of the Special Operations Commander or his designee.
- A statistical summary and justification for establishing a sobriety checkpoint shall be presented to the Special Operations Commander for review and approval.
- 3. The selection of the date, time, and location of the sobriety checkpoint will be made by the Traffic or DUI Supervisor.
- 4. The Traffic or DUI Supervisor shall give no less than one day notice to the Press Information Officer Supervisor for dissemination to the general public. This announcement will not specify the location of the checkpoint but rather the Pima County Sheriff's Department's use of sobriety checkpoints for impaired driver deterrence.
- 5. The Traffic or DUI Supervisor shall conduct a briefing for all personnel assigned to operate the sobriety checkpoint. The Traffic or DUI Supervisor shall provide such personnel with required guidelines and procedures as well as answer questions concerning the operation.

B. Physical Construction of Sobriety Checkpoints

- 1. All sobriety checkpoints established by the Pima County Sheriff's Department shall strive for consistency with accepted procedures regarding the use of warning signs, barricades, traffic cones, warning lights, and other safety equipment and/ or warning devices that may be required.
- Checkpoints will be categorized as follows:
 - A. Large scale checkpoints will be used on high volume, arterial type roadways and thoroughfares. These checkpoints will require a site plan with approval from the Pima County Department of Transportation as to the physical location and layout of the operation

- B. Small scale checkpoints will be used on smaller, rural type roadways. These operations will typically be manned by fewer personnel and constructed by Pima County Sheriff's Department personnel. The intent of these checkpoints is to be rapidly deployed and capable of tear down and relocation on short notice. These small scale checkpoints will generally be supported by a saturation type DUI patrol in the surrounding area.
- C. Phantom checkpoints will be used on either arterial roadways or on lower volume traffic ways. The intent of these set ups is to give the motorists the impression that a checkpoint is either being prepared or was just completed. The appropriate signing and an emergency vehicle will be deployed but the checkpoint will not actually stop vehicles. Generally, a saturation patrol will be deployed in the vicinity of these checkpoints.
- 3. For the safety of law enforcement officers and the motoring public, vehicles will be, where possible, directed by means of warning signs, lights, traffic cones, or other safety equipment into a single traffic lane.
- 4. All vehicles shall be required to stop at the checkpoint except as outlined in this procedure. Portable stop signs in addition to the directions of a uniformed law enforcement officer shall be utilized for this purpose.
 - A. At large scale checkpoints, a staggered stop of all vehicles shall be employed. All vehicles shall be motioned to a stop approximately 30 to 50 feet from the contact law enforcement officer. As the contact law enforcement officer concludes speaking with the operator of a vehicle, the next vehicle waiting shall be signaled to pull forward and then stop in the immediate vicinity of the contact law enforcement officer.
 - B. At small scale checkpoints, operators will be directed to stop by the law enforcement officer making contact with each vehicle.
- Adequate off street parking for follow up investigation (field sobriety testing and screening) shall be available in the immediate vicinity of the sobriety checkpoint.
- 6. The Traffic or DUI Supervisor shall obtain permission from the owner

or agent of any private property or parking area used for this police purpose.

C. Operator Contact at Sobriety Checkpoints

- 1. All contact law enforcement officers shall be uniformed so as to assure the public that the sobriety checkpoint is a legitimate governmental operation.
- 2. All contact law enforcement officers shall wear a reflective traffic safety vest.
- 3. Only those law enforcement officers with DUI training shall participate as contact law enforcement officers at sobriety checkpoints.
- 4. The contact law enforcement officer shall utilize a statement/ question similar to the following upon contact with the driver of a stopped vehicle:

AGood evening. This is a sobriety checkpoint aimed at deterring impaired driving. Have you consumed any alcohol or drugs today?

If the driver's answer is no and there is no other compelling reason to detain the vehicle, the contact law enforcement officer shall permit the vehicle to proceed.

- 5. During the conversation with the driver, the contact law enforcement officer will establish if reasonable suspicion exists to warrant further investigation.
- The contact law enforcement officer shall pay particular attention to any symptoms or indicators of impairment to include but not limited to

- A. Ability to follow directions as to the physical layout of the checkpoint as well as those given by checkpoint personnel.
- B. The driver's speech, coordination, appearance, eyes, and any odor of intoxicants or other contraband.

- C. An odor of intoxicants warrants asking the driver if he or she has been drinking.
- D. Irrational or erratic behavior consistent with an impaired subject.
- 7. Contact law enforcement officers shall utilize a flashlight or other form of artificial light to illuminate the driver, occupants, and interior of all vehicles for the purpose of their safety as well as to check the condition of the driver and monitor the actions of the occupants in the vehicle. If during this initial contact the deputy establishes a reasonable suspicion for further investigation, the operator will be escorted to an adjacent area for further screening.
- 8. If such reasonable suspicion does not exist, the driver will be allowed to proceed.

D. Impaired Driver Screening

- Suspected impaired drivers shall be processed in accordance with Pima County Sheriff's Department procedures related to DUI investigations. Law enforcement Officers participating in the operation shall administer such tests as practical and in accordance with their training in DUI investigation.
- 2. The law enforcement officer making initial contact with the operator shall remain with that driver throughout the remainder of the investigation.
- 3. If an operator displays impairment inconsistent with their blood alcohol level, a Drug Recognition Expert should be used to evaluate the operator.
- 4. If the law enforcement officer determines through the screening process that there is not probable cause to make an arrest, the operator shall be released.

E. Supervisor Responsibilities

- A supervisor shall be present at the checkpoint at all times.
- If the on scene supervisor at the checkpoint determines that a hazard is being created by the backup of stopped vehicles, he may suspend the checkpoint for a period of time in order to relieve the traffic congestion.
- 3. If there are an insufficient number of law enforcement officers to properly conduct the checkpoint at any given time, the on scene supervisor may suspend the checkpoint until such time as staffing becomes available.
- 4. Documentation shall be maintained regarding the length of time the checkpoint was suspended and the reason for the suspension.
- 5. The supervisor shall ensure that the following statistics are maintained:
 - A. Number of vehicles passing through the checkpoint
 - B. The number of operators field tested
 - C. The number of operators arrested
 - D. The charges brought against each arrested driver
- 6. A telephone shall be made available to facilitate the release of arrestees to responsible parties or to obtain alternate transportation.
- 7. Transportation shall be available to handle any arrestees who cannot be field released.
- 8. The Traffic or DUI Supervisor shall insure that a detailed report is completed with the statistical data from each checkpoint.
- 9. The Traffic or DUI Supervisor shall insure that an Incident Resume is completed documenting the DUI checkpoint and its results.

F. Avoidance of Checkpoint

- 1. Vehicles that make a U-turn or otherwise maneuver to avoid the checkpoint may be followed by an observation car. The law enforcement officer may make a stop if he has reasonable suspicion. If no reasonable suspicion exists, the observation car will return to the checkpoint without stopping the vehicle.
- 2. Drivers who refuse to roll down their windows in order to avoid contact with a law enforcement officer will be waived through and may be followed by an observation car. (The same procedure as in paragraph 1 will apply.)
- Vehicles that refuse to stop within the checkpoint area may be stopped and cited for the appropriate violation(s). Such drivers shall also be examined for signs and symptoms of impairment.
- 4. Drivers who refuse to participate or cooperate for any reason shall not be detained solely for that reason. (The procedures outlined in paragraph 2 shall be followed.)
